Rule Change Request Document

Name:	Jens Martin
-------	--------------------

Country:	IMGA Rules Committee
----------	-----------------------------

Summary of Change Requested:

- Changes to the 2004 Rule Book to bring it up to date in preparation for a 2006 reprint
- General Rules & Games Rules have been rewritten in sections
- Many grammatical errors have been removed
- Certain "unwritten" rules have been included to bring the rule book more in line with reality

In all cases every effort has been made to not actually change the rules as such but to simply make them clearer, easier to understand and more in line with the rules actually being enforced at competitions week in, week out.

This is only the first step in this process, if met with approval, the rest of the rule book will be given similar treatment.

Current Rule Book Wording:

Rules Version 1.0

Suggested New Rule Book Wording:

Rules Version 2.0

Reason for Change Request:

- Separating the rules into numbered sections makes it easier to refer back to the rules during discussion.
- In too many cases rules have become common place in MGA that are not actually in the book, this is the first step towards eliminating this
