Rule Change Request Document

Name: **Jens Martin**

Country: **IMGA Rules Committee**

Summary of Change Requested:

Changes to Equipment Specifications

Current Rule Book Wording:

Equipment
Specifications (Old)

Suggested New Rule Book Wording:

Equipment
Specifications (New)

Reason for Change Request:

It has long been known that the equipment specifications in the rule book have not been good enough. In some places they are incomplete and in other incorrect. This change is meant to address those issues and implement a set of equipment specifications which are accurate and can serve to help people build the equipment without having ever necessarily seen then before.
