

International Mounted Games Association Rules Committee

Rule Change Request Document

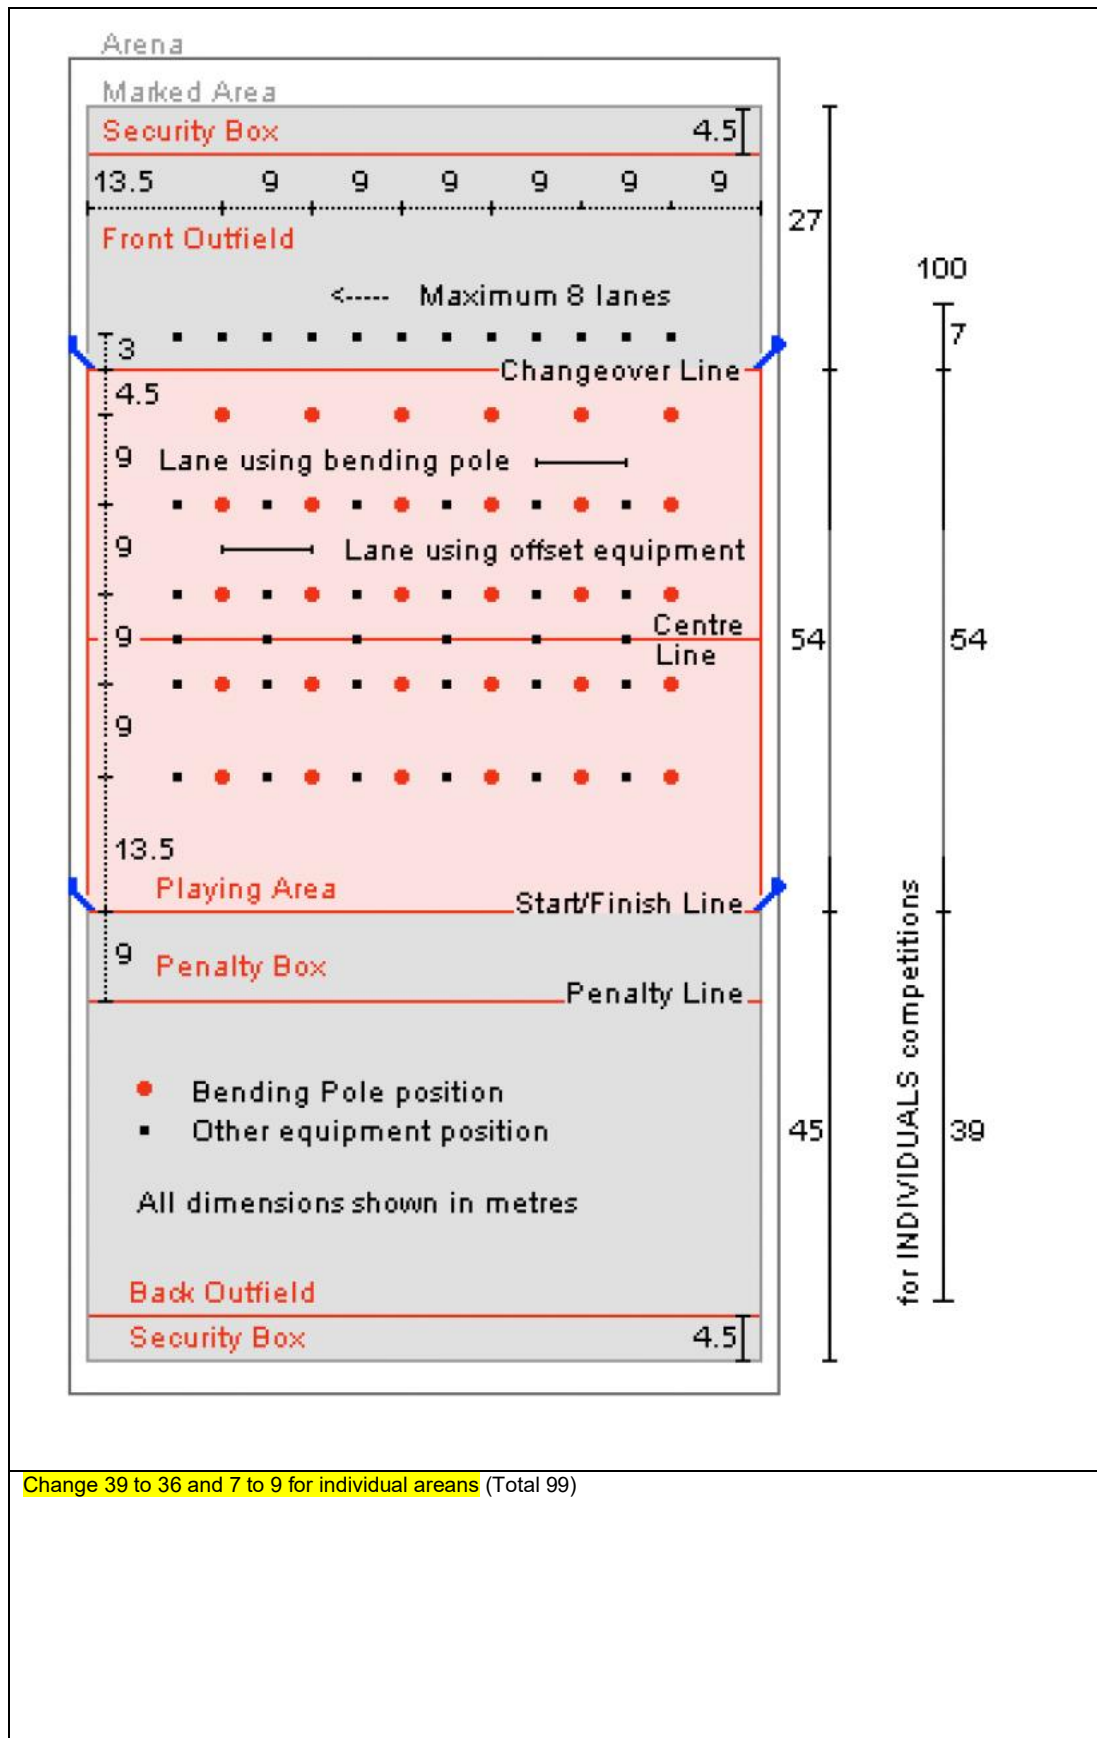

Name:	Mark Crowe	Country:	Ireland
-------	-------------------	----------	----------------

Summary of Change Requested:

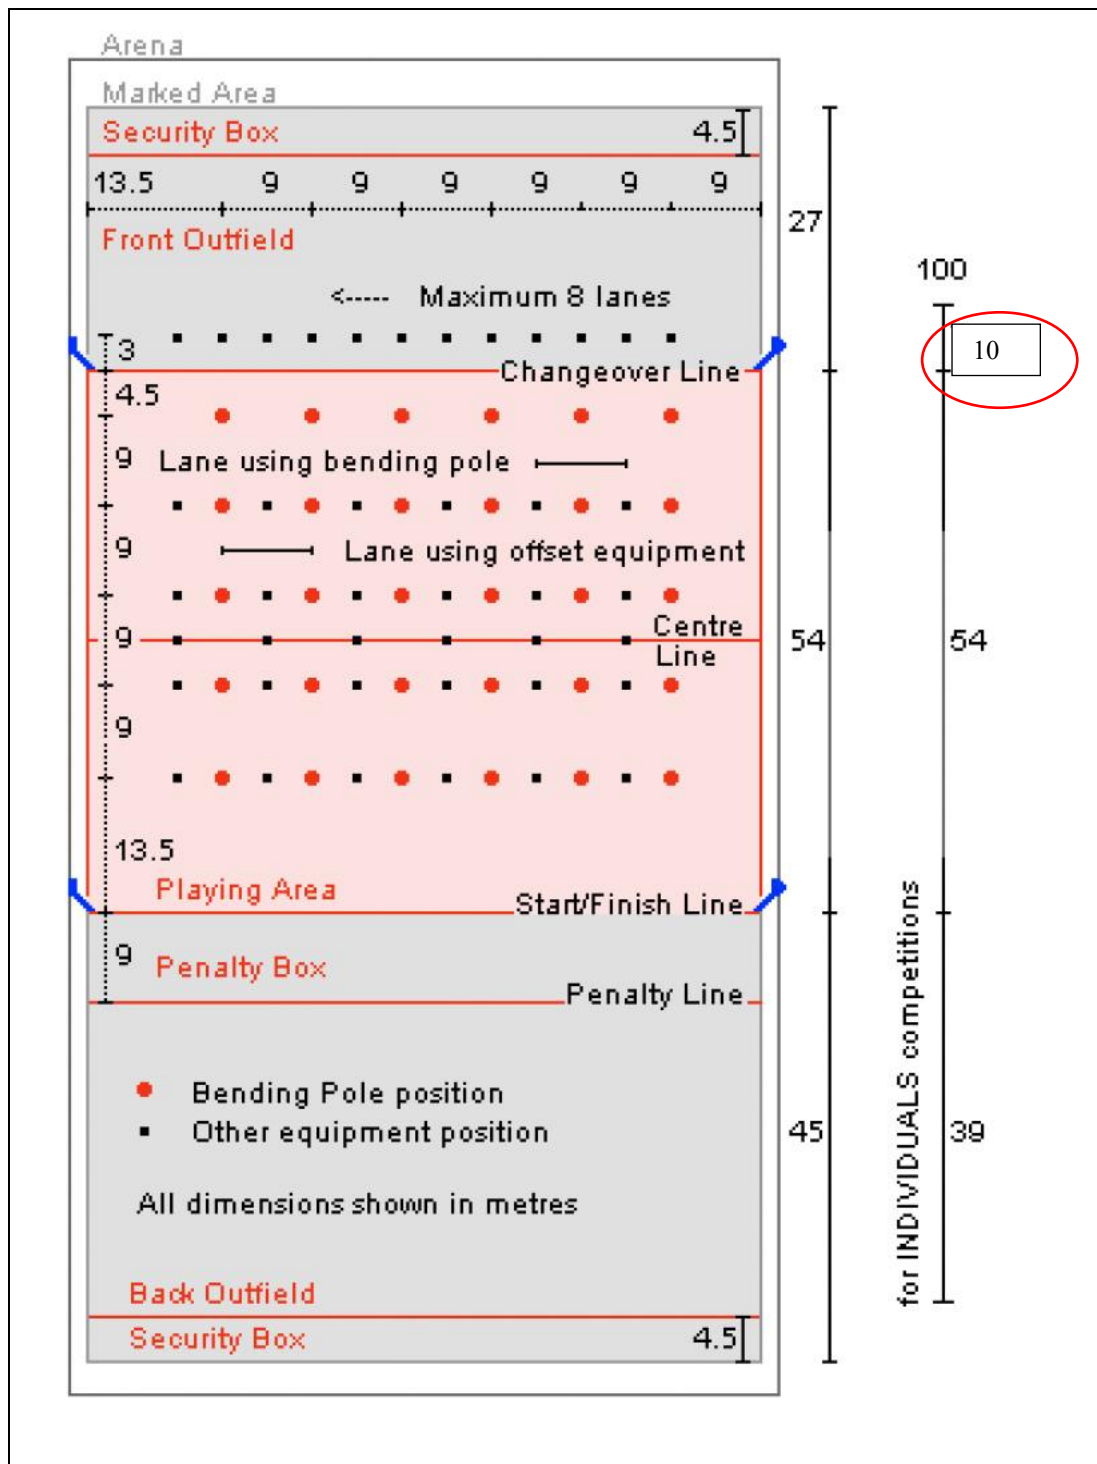

To change the individuals arena dimension from the change overline to end of arena from 7 to 10 m.

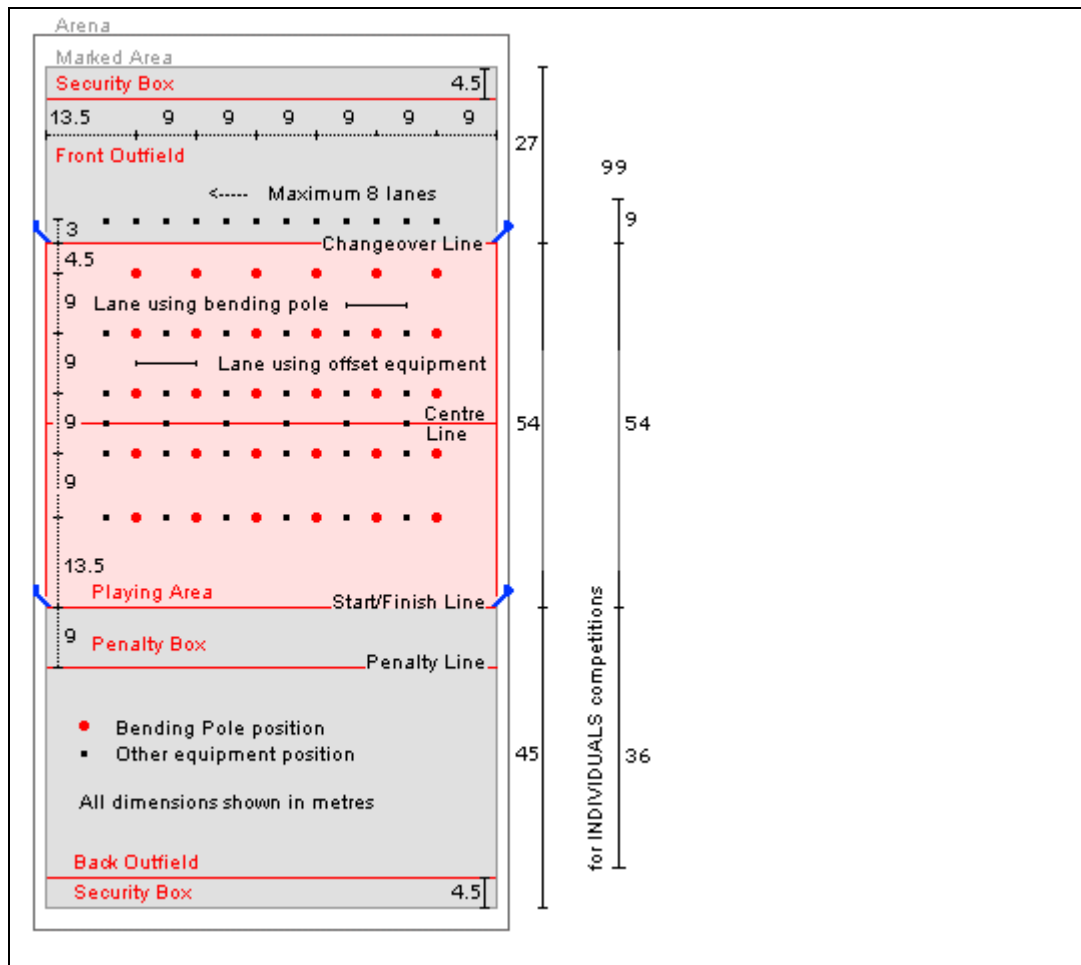

Until 2020 the distance from the changeover line to equipment was 2m, that then allowed 5 m from the equipment to the end of the arena. In January 2021 the dimensions rule was changed to allow 3m from the change over line to the equipment so that larger ponies would not be caught out for not crossing the change over line if collecting equipment on an inside turn. This now leaves only 4 m from the equipment to the end of the arena. At world individuals in 2021 it was clear that 4 m is insufficient for open ponies playing individual games at speed (even 5m is tight for space). This proposal is to increase the distance for individuals from the changeover line to the end of the arena to 10m, thus allowing 7m beyond the equipment mark.

Current Rule Book Wording:

Suggested New Rule Book Wording:

Reason for Decision:

Make the arena safer for Individual competitions.

Implementation Date: 1st January 2022
